Jayne,

That status report looks good to me.

Don

Subject: Review by 5 pm PST on Nov 25: Revised Bi-Monthly Status Report to NWEA on OR CZARA (Based on RA meeting)

Hi All,

Please review and provide comments on the following bimonthly status report (revised to reflect comments received and outcome from RA meeting) to NWEA by 5 PM on **Nov 25**.

Per our earlier commitment to you, an update on our progress towards making a decision on the approvability of Oregon's Coastal Nonpoint Program is provided below. Since our report on September 30, NOAA and EPA have:

- Held regular meetings of various teams to continue inter-agency discussions on Oregon's program in consideration of the public comments received and the State's response. Issues discussed included: new development, OSDS, forestry-landslides, forestry-pesticides, forestry-riparian, forestry-roads, and agriculture:
 - Topic team (weekly or more frequently): to discuss public comments, state submission, and potential responses to comments and changes needed to proposed decision rationales.
 - Technical team (weekly): to share progress of topic teams, get feedback from full technical team, identify specific legal questions or decision points for legal and management teams, respectively, and ensure coordination among topic teams.
 - Managerial team (weekly for most weeks during October and November): to provide programmatic guidance to technical team and weigh in on critical decision points.
 - Managerial/Legal/Technical team: (weekly for most weeks during October and November): to jointly discuss programmatic and legal issues.
- Continuing work on responding to comments and developing decision rationales.
- Prepared and scheduled briefings for senior management in both agencies.

If you have any questions, feel free to contact me via email or at 206-553-1906 or Joelle Gore at joelle.gore@noaa.gov or 301-563-1177.
